ADDITIONAL REQUIREMENTS	
One of the following to meet the international requirement: Two years of foreign language Language proficiency A20 [3] Internship with international focus (100 hours) [4] An international internship (100 hours) [4][5] A Washington Center internship [4] Study Abroad (Semester or Summer) [6] Other pertinent international experience [7]	

NOTES	
1	A minor in Global Economics cannot be combined with a major in Economics.
2	An average grade of C is required in all courses in the minor.
3	Language proficiency will be assessed via the Modern Languages' online placement tests. Although Level 3 proficiency is the required minimum, we strongly encourage students to continue to more advanced levels.
4	Internships must meet the Economics Department expectations for internships. All internships must be approved by the Director of the Global Economics Minor and the Department Chair. ECON 3850 Internships do not count toward the Global Economics Minor requirement.
5	The required information for international internships needs to be provided also in English.
6	The Study Abroad experience must be an LMU or LMU-approved semester or summer program. The summer program must be at least 6 semester hours. This requirement should enhance a student's language skills and cultural awareness that s/he is focused on in courses at LMU. A maximum of one course from study abroad may count towards the minor beyond the study abroad requirement.
7	International students may explore the possibility of having the foreign language and/or international experience waived, in consultation with the Director of the Global Economics Minor and the Department Chair.

Consult your advisor regarding proper course sequencing and course selection for the minor.
