

Engaging LA and Latin America

Travel to one of the world's great cities, Mexico City (CDMX), with “Engaging LA and Latin America,” our spring 2027 Global Immersions course! We’ll visit the “birthplace” of the Virgen de Guadalupe, Mexico’s patroness, where she first appeared to St. Juan Diego at the Cerro de Tepeyac. We’ll journey to the pyramids at Teotihuacán, one of the great ancient wonders of the Americas. We’ll tour one of the world’s best anthropology museums, the Museo de Antropología e Historia. We’ll be staying in the “centro histórico,” surrounded by colonial-era buildings (including the spectacular Metropolitan Cathedral) and ruins of the ancient Aztec city. We’ll also meet with local journalists, writers, and artists who write about contemporary Mexico’s ongoing struggles for justice. Oh, and the food! Don’t miss out on this amazing opportunity!
